

Cordova Community Medical Center
Job Description Radiology Technologist

Job Title:	Radiological Technologist	Status:	Full-Time
Supervisor:	CEO	Pay Grade:	DOE
Department/Division:	Radiology Department	Classification:	Non-Exempt

POSITION SUMMARY

The primary purpose of your job position is to assume the day to day operations of the Radiology Department in accordance with the current applicable federal, state, and local standards, guidelines, and regulations, and as may be directed by the medical center CEO. Has no supervisory responsibility.

ESSENTIAL RESPONSIBILITIES

- Assumes responsibility for which patients should be called and when in order to maintain a steady work flow.
- Radiographs inpatients and outpatients.
- Ensures that equipment is warmed up; on a daily basis, checks and inspects all equipment in assigned areas of responsibility for physical or mechanical hazards in order to promptly report all hazards and effectively plan for needed repairs.
- Views radiographs that are taken and determines whether or not they are of optimum quality for radiologist's interpretation.
- Clarifies nurses' questions about patient orders for exams, preps for particular exams, and organizes stat work.
- Obtains stat readings as designated by exam from the radiologist and relays the information to the nurse or doctor via telephone or computer.
- Responsible for the delivery of professional services and the provision of high-quality patient care.
- Maintains radiological services in accordance with standards established by the medical center and with state, local, and federal standards which may apply.
- Pursues continuing education in professional practice and management skills.
- Cleans the department equipment as time allows; maintains orderliness and cleanliness in areas of responsibility at all times.
- Monitors and ensures responsibility for the condition of radiographic rooms after use, ensuring that adequate supplies are available to facilitate the entire departmental operation.
- Attend and participate in in-service educational classes and on-the-job training programs as directed.
- Maintain the confidentiality of all patient care information.
- Must utilize safety precautions with Radiation exposure.
- Is expected to respond to the hospital, if requested, to assist in the event of an emergency or if the hospital activates its emergency management plan.
- Perform other related duties as assigned

The above is not intended to be an all-inclusive list of essential functions for the job described, but rather a general description of some of the responsibilities necessary to carry out the duties of this position.
